SAFETY DATA SHEET
VERSION 1.1
Revision Date: September 2018

Section 1: IDENTIFICATION

Product Identifier: MICROBE-LIFT DGTT
Brand: MICROBE-LIFT DGTT
Product Number is based on Product Size. For more information request for brochure/ refer one.
Manufacturer: Ecological Laboratories Inc.
Address: 2525 N.E. 9th Avenue
Cape Coral, FL 33909
Phone: (800) 645-2976
Emergency: (800) 424-9300
Outside USA: (202) 483-7616
Recommended Use: Specially formulated for grease degradation in industrial, institutional and municipal line and trap systems.

Section 2: HAZARD(S) IDENTIFICATION

Hazard Classification: Skin & Eye Irritant
Signal Word: Warning
Hazard Statement: Classified as Non Hazardous. Can cause eye and skin irritation over a long period of exposure.
Pictograms:

Precautionary Statements: Keep out of reach of children. Do not take internally. Avoid contact with eyes. Flush immediately if needed. Use gloves and safety glasses when handling spills. If contact is made, wash with soap and water. If swallowed, drink several glasses of water. Contact physician if any irritation persists.
Description of hazard not otherwise classified: NA
Mixture containing an ingredient with unknown toxicity: NA

Section 3: COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name: MICROBE-LIFT DGTT
Common Name & Synonyms: NA
Chemical Abstracts Service (CAS) number and unique identifiers: NA
Impurities & Stabilizing Additives: NA
Chemical Name and Concentration of all ingredients (classified as health hazard):
  - Bacterial Cultures: 2% by weight.
  - Water: 69%
  - Sodium Nitrate: 25%
### Section 4: FIRST AID MEASURES

**Note:** The product has been classified as a non-hazardous substance.

**In case of skin contact**
Slight redness on hands and forearms if individual has a history of dermal allergic reactions. Dermatitis and skin sensitization can develop after repeated and/or prolonged contact. Drench the skin with plenty of water. Remove contaminated clothing and wash before reuse. If large area of the skin is damaged or if irritation call a physician.

**In case of eye contact**
This material may cause eye irritation. Rinse with plenty of lukewarm water, also under eyelids for fifteen minutes. If symptoms persist, call a physician.

**If inhaled**
Prolonged contact may cause slight irritation. Supply fresh air immediately. Rinse mouth and nose with water. Contact a physician if necessary.

**If swallowed**
Irritation of the mouth, pharynx, esophagus and stomach can develop. Rinse mouth with water. Gargle with water. If uneasy symptoms persist, call a physician. Call poison control.

**Recommendation for immediate medical care:** Proceed as mentioned above. Call poison control if ingested. Seek medical attention if irritation persists. Remove contaminated clothing and footwear; wash with soap and water if it comes in contact with skin.

### Section 5: FIRE FIGHTING MEASURES

**Suitable extinguishing media**
Use extinguishing measures that are appropriate to local circumstances and the environment.

**Special hazards arising from the substance or mixture**
NA

**Advice for firefighters**
Fire fighters must wear fire resistant personnel protective equipment & self-contained breathing apparatus.

**Further information**
No hazardous combustion products in normal use. Fire creates fumes including CO₂ and SO₂

### Section 6: ACCIDENTAL RELEASE MEASURES

**Personal Precautions, Protective Equipment and Emergency Procedures**
As mentioned under section 7.

**Environmental Precautions**
NA

**Methods and materials for containment and cleaning up**
Vacuum or sweep up avoiding generation of mist. Place in suitable labeled containers and hold for waste disposal. Wash spill site with water. If bacterial contamination is an issue use chlorine to kill the bacillus spores.

**Reference to other sections**
See Section 7 for information on safe handling.
See Section 8 for information on PPE
See Section 13 for disposal information.
Section 7: HANDLING & STORAGE

Precautions for safe handling
Work under general ventilation. Avoid creating mist.

Conditions for safe storage, including any incompatibilities
To be stored 0°C to 40°C for product viability only.

Specific end use(s)
Must be stored in original container with closed lid. The bacteria and carriers are naturally occurring and should not pose and environmental risk.

Section 8: EXPOSURE CONTROLS/PERSOAL PROTECTION

Control parameters
None

Components with workplace control parameters
Contains no substance with occupational exposure limit values.

Exposure controls
Material transfer should be done under conditions of local exhaust ventilation to avoid breathing mist.

Permissible Exposure Limit (PELs)
None

Threshold Limit Values (TLVs)
None

Appropriate engineering controls
Open air/Ventilation

Personal protective equipment
Eye/face protection
None required for consumer use. If splashes are likely to occur, wear safety glasses with side-shields.

Skin and Body protection
None required for consumer use. Repeated or prolonged contact: Wear protective gloves and protective clothing.

Respiratory protection
No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

Control of environmental exposure
NA

Section 9: PHYSICAL & CHEMICAL PROPERTIES

Appearance
Water like liquid, dyed green.

Odor
Lemon

pH
Range 6.0 to 8.5

Melting point/freezing point
Same as water

Initial Boiling Point
Same as water

Flash Point
NA

Flammability (solid, gas)
None under normal conditions of storage and handling.

**Vapor Pressure & Density**
Equivalent to water

**Water Solubility**
Not soluble.

**Relative density**
0.6 to 0.8

### Section 10: STABILITY AND REACTIVITY

**Reactivity**
NA

**Chemical stability**
Stable under normal conditions.

**Possibility of hazardous reactions**
NA

**Condition to avoid**
Accumulation of product in enclosed spaces and generation of mist. Avoid contact with oxidizing chemicals.

**Incompatible materials**
Acids and Alkalis may inactivate the bacterial cultures.

**Hazardous decomposition products**
NA

### Section 11: TOXICOLOGICAL INFORMATION

**Acute Toxicity**
Low Acute oral toxicity although ingestion will cause irritation of the gastrointestinal tract and may result in nausea and diarrhea. May cause mild mechanical irritation to eyes, skin and mucous membranes. May cause irritation from allergic reaction, especially to people that have a history of allergic reaction.

**Chronic Toxicity**
NA

**Reproductive Toxicity**
NA

**Additional Information**
None

### Section 12: ECOLOGICAL INFORMATION

**Aquatic Toxicity**
Expected to be toxic. LC 50 less than 100 mg/l

**Persistence and degradability**
None

**Bio-accumulative potential**
Not likely

**Mobility in soil**
Disperses in water.

**Other adverse effects**
Minimal impact under normal conditions of use and storage. The bacterial cultures are naturally occurring soil type
organisms. The other components are unlikely to bio accumulate and are biodegradable.

Section 13: DISPOSAL CONSIDERATIONS

Waste Treatment Methods
Disposal in accordance with federal, state and local regulations.

Section 14: TRANSPORT INFORMATION

DOT (US)
UN Number
NA
Class
NA
Packing Group
NA
Proper Shipping Name
Waste water treatment compounds, bacterial culture.

Section 15: REGULATORY INFORMATION

Label Name PRO-PUMP/DGTT
There are no safety, health and environmental regulations/legislation specific for the substance or mixture

Section 16: OTHER INFORMATION

To the best of our knowledge, the information contained herein is accurate. However, neither the above-named manufacturer nor any of its subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.

This product conforms on its chemical description and is reasonably fit for the purpose referred to in the directions for use when used in accordance with the directions under normal conditions. However the manufacturer could withdraw the chemical composition of the product on the basis of it being a trade secret.

29 CFR 1910.1200 (I)(1)
The safety data sheet indicates that the specific chemical identity and/or percentage of composition is being withheld as a trade secret; The specific chemical identity and percentage is made available to health professionals, employees, and designated representatives in accordance with the applicable provisions.

Seller makes no other warranty or representation of any kind, express or implied, concerning the product, including NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS OF THE GOODS FOR ANY OTHER PARTICULAR PURPOSE. No such warranties shall be implied by law and no agent of seller is authorized to alter this warranty in any way except in writing with a specific reference to this warranty. The exclusive remedy against seller shall be in a claim for damages not to exceed the purchase price of the product, without regard to whether such a claim is based upon breach of warranty or tort. Any controversy or claim arising out or relating to this contract, or breach thereof, shall be settle by arbitration in accordance with the commercial arbitration rules of the American Arbitration Association, and judgment upon the rendered by the Arbitrator(s) may be entered in any court having
jurisdiction thereof.
